Mr. Gary Baughman
Hazardous Waste Facilities Unit Leader
Colorado Department of Health
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Gentlemen:

This letter is to inform you that the exact location of a borehole in IHSS 133.5 (Ash Pit) has been changed from the location approved by EPA and CDH in Technical Memorandum 7 (TM7), Soil Boring Sampling Plan-Ash Pits, Incinerator and Concrete Wash Pad. Upon approval of TM7, the exact location of the boring as stated in the TM was found to be sited directly under a north-south 115 kv power line. The borehole has been relocated approximately 30 feet west and slightly north of the original location (see Figure 8 in TM7), but is still well within the 133.5 IHSS boundary. The change in location for this boring should have no impact on the data objectives for this IHSS.

If you have any questions, please contact Jen Pepe of my staff at 966-2184.

Sincerely,

James K. Hartman
Assistant Manager for Transition
and Environmental Restoration
